How would YOU award CWC fundraising money?

In January, the Allocations & Grants Committee prepares a recommendation for distributing CWC fundraising proceeds. This survey helps to shape that recommendation. The committee tabulates the completed returned surveys. The results reflect the priorities of the membership and become the grant award guidelines. Your participation is vital! Please complete and return this survey as soon as possible. Only one form per member is allowed.

PART I.

The area below addresses broad issues. All grant requests received by CWC will be placed into one of the following categories. Pretend you have \$100 to give away to charity. How would you personally assign it? Distribute your \$100 among the choices below. You may assign your \$100 to a single choice or over several choices. Your choices should reflect your personal priorities. Charities that were funded last year are listed on the back or on CWC's website.
